## Step 1 — Battery

- Shut down the device
- Flip the phone so that the screen is facing the surface you are working on
- ⚠ Aggressive prying may result in damaging the back panel or the internal contents of the phone.
- Use the plastic opening tool to gently pry off the back panel. There is a small notch in the bottom left corner of the phone that you can use for increased leverage.

## Step 2

- Use your thumbnail to lift the battery from the phone.

To reassemble your device, follow these instructions in reverse order.
